Adventure and Nature Tourism Management

Technological Specialisation Courses

Access with the 12th Grade

Lectured in PT

Career Opportunities

The Specialist Technician in Adventure and Nature Tourism Management is a professional qualified to design, plan, organise and monitor programmes of outdoor tourism activities, autonomously framing the participating customers, under the technical and touristic point of view, in activities corresponding to their area and level of specialisation and participating in the management and maintenance of facilities and equipment.

Main Activities

- Design, plan and organise nature and adventure tourism entertainment programmes
- Monitor and promote nature and adventure tourism entertainment programmes
- Promote the responsible participation of participants in nature and adventure tourism entertainment activities
- Assess the nature and adventure tourism activities carried out

Requirements

- High-school diploma (or legal equivalent in Portugal) or Vocational qualification level 4 diploma (European Qualifications Framework)
- Minimum B2 English level (Council of Europe standard), to be assessed through a written test

Further studies

With this training students are granted credit units (ECTS) recognized under the Bologna Process, enabling students to pursue further training in related areas at several Universities and Higher Education Centers

Schools of Turismo de Portugal have established protocols with different national and international higher education institutions.

Structure

2 Semesters + 1 curricular internship + Induction Programme (150h).

The Course in Nature and Adventure Tourism has a duration of 1 year (full-time), divided into 2 semesters, including a curricular internship of 500h duration. Students have the opportunity to select reference tourism information and entertainment companies and events to carry out their internship.

Induction Program

Induction Programme (150h) consists of a beginner-level training programme aimed at students with no previous training or experience in the area.

TUITION FEES

Course fee €1.000 (*) Payment of €100x10 monthly instalments

(*) These values have a reduction of 50% in the Vila Real de Santo António School.
