Career Opportunities

The Pastry and Bakery Management and Production Specialist is the professional qualified to plan, direct and coordinate pastry production work and collaborate with the catering and beverage (F&B) management service in structuring menus and in the process of calculating costs.

Main Activities

- Planning and organising the pastry and bakery service
- Carry out management control and control production costs for the pastry and bakery service
- Designing and making bakery products and new trends
- Designing and making pastry products (conventual and traditional Portuguese sweets, dry cakes, dessert pastries, classic and international pastries, bonbons, festive pastries, artistic pastries, savoury pastries)
- Developing and designing new pastry and bakery products
- Managing work teams

Requirements

- Adults aged 18 or over, holders of secondary education or legally equivalent qualification
- Holders of a technological specialisation diploma or a higher education degree or diploma who wish to undergo professional requalification
- Attendance of an education or training course or an RVCC (Recognition, Validation and Certification of Professional Skills) process, at secondary level

Further studies

This training offer allows for the continuation of studies towards higher education in a related area, establishing the connection between the training of intermediate-level professionals, the recognition of knowledge and skills, and the completion of a higher education cycle.

The Schools of Tourism in Portugal therefore have agreements with several national and international higher education institutions.

Structure

2 Semesters + 1 curricular internship + Induction Programme (40h).

The Pastry and Bakery Management Programme is a 1 year (full-time) course, consisting of two semesters, including a 3-month internship. Students have the opportunity to select top restaurants, hotel chains, and resorts in Portugal and abroad to do their training.

Induction Program

Induction Programme (40h) consists of a beginner-level training programme aimed at students with no previous training or experience in the area.

TUITION FEES

Course fee €1.200 Payment of €120x10 monthly instalments
